

CITY OF SIMI VALLEY

Home of The Ronald Reagan Presidential Library

November 7, 2007

Ms. Maureen Gorsen, Director
California Department of Toxic Substances Control
1001 I Street
P. O. Box 2815
Sacramento, CA 95812-2815

Dear Ms. Gorsen:

On October 18, 2007, the City of Simi Valley requested your agency's assistance in addressing questions related to the Runkle Canyon development project, and sent two reports for your information and review ("Laboratory Analytical Results for Surface Water and Surface Soil Samples Collected from the Proposed Runkle Canyon Development" by Tetra Tech and "Results of July 2, 2007 Surface Water and Soil Sampling" prepared by Geocon Consultants).

An additional report prepared by Geocon Consultants may be useful to your review of this matter. It is a summary of environmental documents related to the testing of soil, surface water and groundwater for Title 22 metals in Runkle Canyon, and is being provided for your further evaluation.

I would also appreciate knowing, at your earliest opportunity, when we may expect to receive a response to our October 18 request, as this matter is of significant interest to the City and our community. You may contact me at (805) 583-6701.

Thank you for your assistance.

Sincerely,

Mike Sedell
City Manager
