

SIMI VALLEY PD SAFECAM PROGRAM

SAFECAM USES

Crime Investigation

SafeCam is critical to the investigation of crimes, identification of involved persons, and apprehension of suspects.

Accident Investigation

SafeCam plays a vital role in traffic collision and fatality investigations. Many times video evidence assists investigators in collision reconstruction.

Medical Emergencies

In the event of a medical emergency, Safecam video evidence can help officers determine if further investigation is necessary.

Community Security

The Simi Valley Police Department recognizes it cannot prevent or solve crime by itself. The SafeCam database allows the community to be active participants in public safety.

YOUR SAFETY IS IMPORTANT TO US!

SafeCam is one of the Simi Valley Police Department's contemporary crime prevention and investigation tools that demonstrates the effectiveness of partnerships between police and the community.

Registering your camera not only helps deter crime, but assists the Department in its overall crime prevention strategy in your neighborhood.

Protect yourself, your family and your community by registering with SafeCam. Become a part of the Simi Valley Police Department SafeCam network.

HOW SAFECAM WORKS

The Simi Valley Police Department is dedicated to finding new and innovative ways to partner with local residents and business owners. By completing a registration form and submitting it to the Simi Valley Police Department your camera information will be entered into the police department's database. When a crime occurs, officers will be able to quickly access the SafeCam information, identify businesses and residences in the area that have security cameras, contact the owners of the camera and request footage which may help identify suspects and assist in the apprehension and prosecution of those involved.

HOW YOU CAN BE A PART OF SAFECAM

Visit our Website

www.simivalley.org/safecam

Simply complete the online registration form. Upon completion, your registration form will be routed to SVPD's Crime Prevention Supervisor.

Print and Mail

Print out the SAFECAM registration form, complete it, and drop it off at the Simi Valley Police Department's front counter or mail it to the Simi Valley Police Department at Simi Valley, CA 93063.

Call Us

Contact the Simi Valley Police Department's Crime Prevention Unit at 805-583-6287 and we can complete your registration over the phone.

ADDITIONAL SIMI VALLEY POLICE DEPARTMENT PROGRAMS

Community Crime Prevention

In addition to the SafeCam Program, the Simi Valley Police Department provides a Business Watch Program. Business Watch is designed to assist local business owners in identifying ways to protect their property, employees and customers. Business Watch provides training and crime prevention information to business owners and their employees on how to work together to avoid and deter crime in or around their businesses.

Residents should consider participating in the Simi Valley Police Department's Neighborhood Watch and Nextdoor.com programs. These unique crime prevention programs provide training and crime prevention information to community members on how to prevent and report criminal activity in their neighborhoods.
