Time Extension Requests

Administrative Time Extensions

A one-time Administrative Time Extension may be requested pursuant to Simi Valley Municipal Code Section 9-71.030.E.3 for up to three years, for previously approved Conditional Use Permits, Cluster Development Permits, or Planned Developments provided the Director can make certain findings. The findings include determinations that the site and its surroundings have not changed; the provisions of the General Plan and Development Code that affect the project have not changed; the environmental determination would not change; and substantial work could not occur because of circumstances beyond the control of the applicant (as outlined in Section 9-71.030.E.5). An Administrative Public Hearing is required.

Other Time Extensions

The Director, Planning Commission, or City Council, whichever was the original review authority, may grant time extensions for those projects that have already received an Administrative Time Extension or wish to request more than three years of additional time. The time period that is granted by the review authority is at their sole discretion (as outlined in Section 9-71.030.E). A public hearing(s) is required.

Please note: All time extension requests must be filed before the original approvals have expired.
