

CHAPTER 8 Introduction to the Final EIR

8.1 CONTENTS AND ORGANIZATION OF THE FINAL EIR

This Final EIR is composed of three volumes. They are as follows:

- Volume I** **Draft EIR**—This volume describes the existing environmental conditions in the project area and in the vicinity of the project, and analyzes potential impacts on those conditions due to the proposed project; identifies mitigation measures that could avoid or reduce the magnitude of significant impacts; evaluates cumulative impacts that would be caused by the project in combination with other future projects or growth that could occur in the region; analyzes growth-inducing impacts; and provides a full evaluation of the alternatives to the proposed project that could eliminate, reduce, or avoid project-related impacts. Text revisions to the Draft EIR resulting from corrections of minor errors and/or clarification of items are identified in Volume Ia, as described below. The Draft EIR is incorporated by reference into the Final EIR.
- Volume Ia** **Final EIR (Text Changes and Responses to Comments)**—This volume contains (1) a complete list of all persons, organizations, and public agencies that commented on the Draft EIR; (2) the Lead Agency’s responses to these comments; (3) all text changes to the Draft EIR; and (4) copies of the comment letters received by the City of Simi Valley on the proposed project. The Draft EIR is incorporated by reference into the Final EIR.
- Volume II** **Draft EIR Appendices**—This volume includes supporting technical data used in the preparation of the Draft EIR. No text changes were made to the Technical Appendices in preparation of the Final EIR.
