

REMOVING YOUR BIKE

Exit the front door of the bus and tell the driver that you will be removing your bike from the rack.

1. Raise the Support Arm

Pull the support arm handle out and lower it into its locked position.

2. Remove the Bike from the Rack

Remove your bike from the curb side while directly in front of the bus.

Never remove your bike from the traffic side.

3. Secure the Bike Rack

If there are no other bikes in the rack, lift and push the bicycle rack up to the folded and locked position.

Disclaimer

The City of Simi Valley/Simi Valley Transit is not responsible for any damages to or loss of bicycles while they are on the bicycle rack.

BIKES on BUSES

INTRODUCTION

Getting around Simi Valley has never been easier thanks to Bikes on Buses, a City of Simi Valley sponsored program that allows you and your bike to travel on all Simi Valley Transit (SVT) buses. This is made possible because all SVT buses are equipped with bike racks that enable most kinds of bicycles to be secured to the front of the bus. So wherever the bus goes, you and your bike can go too!

PROGRAM RULES

- Each bike rack can carry up to two bikes on a first-come, first served basis. If there are two or more bicyclists ahead of you at a bus stop, please wait for the next bus.
- Passengers are responsible for loading and unloading their own bikes. Bus drivers do not assist with the loading or unloading of bikes.
- Ensure bicycle accessories are secured or removed from your bike before boarding the bus.

- Bikes are only permitted on the front exterior of the bus; they are not allowed inside the bus.
- Only single seat, two-wheeled bikes with standard size wheels can be accommodated by the bicycle racks. Bikes with less than 16-inch diameter wheels cannot be accommodated. Motor-powered bikes are not allowed.
- Children 11 and under may use the rack when accompanied by an adult.

Regular fares apply for each passenger. Your bike rides **FREE!**

- The City of Simi Valley/Simi Valley Transit is not responsible for bicycle theft or damage, or for the loss of bicycle accessories.
- Bikes left on SVT buses will be turned into Lost and Found at the end of the day. Unclaimed bikes will be held for 14 days at the Transit office. Call (805) 583-6456 and ask for Lost and Found. An operator will assist you.

LOADING YOUR BIKE

1. Lower the Rack

While holding the rack handle, slightly push in on the rack to unlock and release it from its folded position, then lower the rack.

2. Load Your Bike

Lift the bike into the rack, placing the wheels in the proper slot. One wheel slot is labeled “front tire”. The first bike loaded should be placed in the position closest to the bus.

3. Secure the Bike

Your bike is secured in the rack when the support arm is raised over the top of the bike’s front tire. Release the support arm handle so that it rests on the tire.

Your bike is now secure and you can board the bus.
